ABOUT US

TYB Infra Solutions is a specialised equipment solutions company focused on Tower Cranes and Passenger Cum Material Hoists. We serve construction companies, contractors, and real estate developers across India, offering a comprehensive range of services including new equipment sales, used equipment trading, rentals, and after-sales support.

Founded by industry veterans with over 17 years of hands-on experience in the heavy construction equipment sector, TYB Infra Solutions was established with a clear purpose: to simplify India's vertical equipment ecosystem.

OUR TEAM

Experienced professionals driving growth, operations and excellence across every region.

FOUNDERS

Rahul Yadav
Co-Founder

Leads business development, marketing and client relations with deep expertise in the tower crane and construction equipment industry.

Ashish Kumar Tiwari
Co-Founder

Over 17 years of experience in heavy equipment sales and EPC projects. Drives business strategy, market growth and customer success.

OPERATIONS

Priya Mittal
Operations Manager

Oversees daily operations, project coordination, documentation and client support to ensure smooth and efficient execution.

REGIONAL EXECUTIVES

Vipin Pandey
Regional Executive
(Western Region)

Handles business development, customer engagement and equipment mobilization across Western India.

Bhupendra Sharma
Regional Executive
(North)

Manages operations and technical support in Northern India, specializing in tower crane erection, dismantling and site support.

OUR CORE VALUES

Experience

Integrity

Transparency

Safety

Customer First

Long-Term
Relationships

OUR VISION

To be the most trusted partner in tower crane solutions, delivering excellence, innovation and value to our clients across India.

OUR MISSION

To provide safe, reliable and cost-effective tower crane rental, services and erection solutions with a strong focus on quality, safety and customer satisfaction.

OUR QUALITY POLICY

We are committed to delivering top-quality services through skilled professionals, advanced equipment and continuous improvement in our processes.

OUR JOURNEY

2024

Started in 2024 after identifying a significant gap in the market—the lack of reliable and responsive after-sales support for tower cranes.

**IDENTIFIED
THE GAP**

We saw that many construction companies struggled with equipment downtime, poor service response and high maintenance costs.

OUR VISION

To bridge this gap by offering dependable after-sales support that ensures safety, productivity and peace of mind.

OUR FOCUS

We specialize in after-sales support for tower cranes—with expert service engineers, genuine spare parts and quick turnaround.

**MOVING
FORWARD**

Today, we continue to grow with a customer-centric approach, building long-term partnerships and raising industry standards.
